Optional Features

LED strip x2

One-to-Two Spring x1
Connector Cable

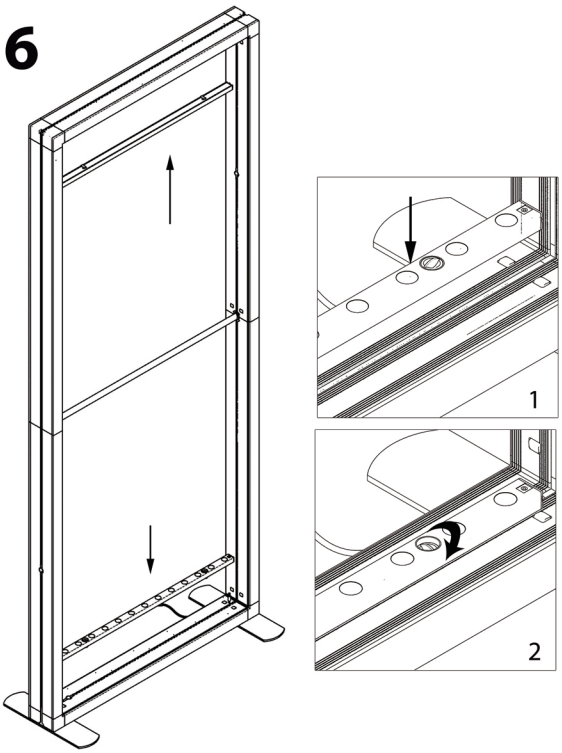

Dual-male connector cable x1

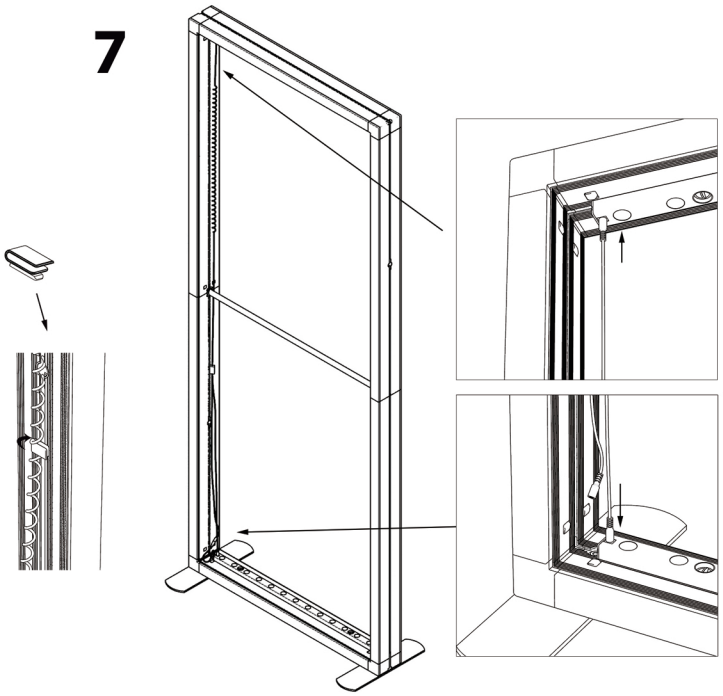

Cable clip x6

6

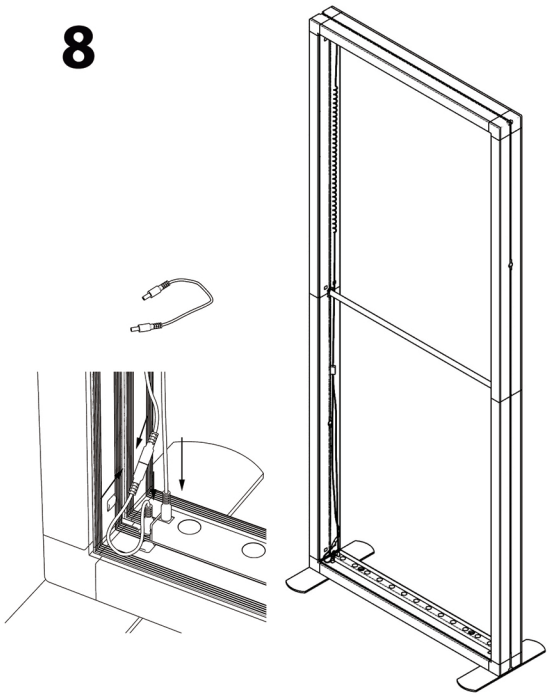

Align the knob on the light strip with the center slot in the profile,
press down, and then rotate it 90° to complete the installation of the light strip.

7

Connect the upper and lower light strips using spring wire,
and secure the spring wire to the profile with clips.

8

Once all cables are connected, you can plug in the power supply.
