Optional Features

LED strip x4

Male and Female Spring Wires x1

Dual-male connector cable x2

Light strip mount x8

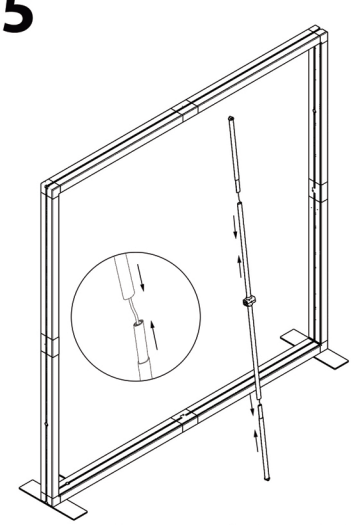

Cable clip x4

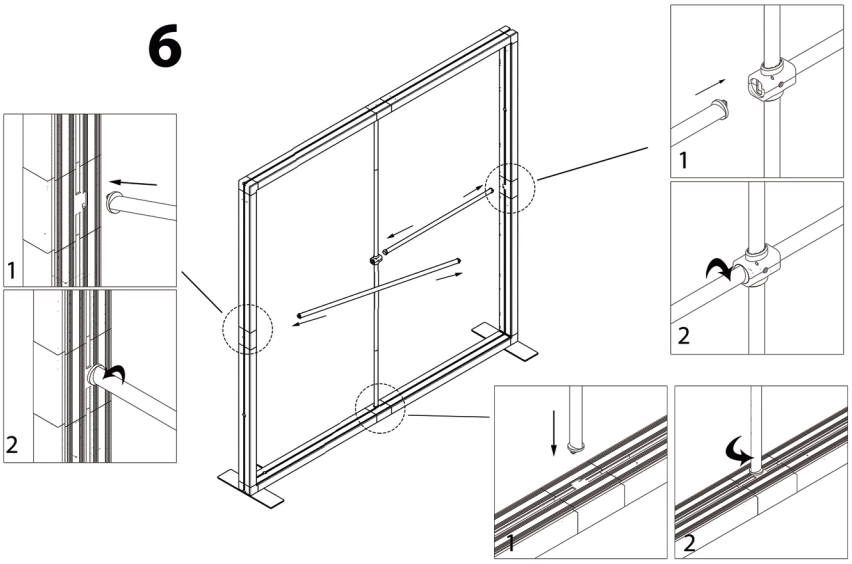

Dual-Male Power Adapter x1

5

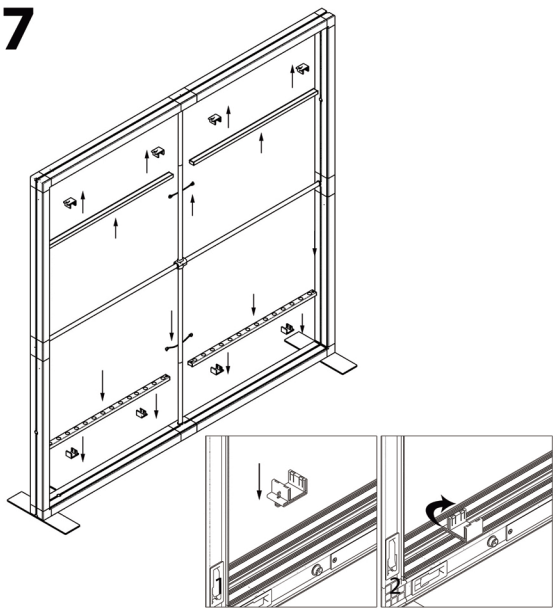

First, assemble the vertical support rods, then insert the profile and rotate the support rods 90° to secure them.

6

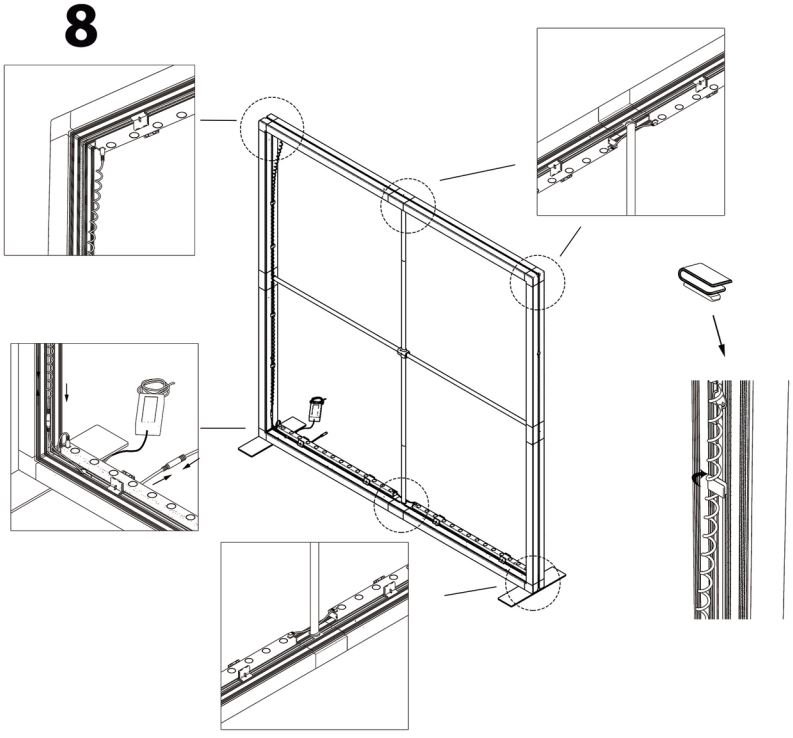

Insert the horizontal support rod into the profile, then rotate it 90° to secure it in place.

7

Insert the light strip bracket into the profile, rotate it 90° to secure it, and then install the light strip.

8

First, connect the light strip, then plug in the power adapter to turn on the power.
